Here comes the 2018 DR-Z125L to make sure young and smaller-stature riders can tackle the dirt. Larger 19-inch front and 16-inch rear tires, as well as a front disc brake, deliver big bike performance to a size-appropriate motorcycle. Styled to mirror Suzuki's Championship-winning RM-Z and RMX models, this DR-Z promotes a more race-oriented look while the sharp handling and strong low-to-mid end power provide the get-up-and-go that defines off-road bikes. The looks are a testament that you can't judge a book by its cover, because the DR-Z125L is an unassuming package packed with loads of fun.
