

2012 ***BURGMAN 400 ABS***

2012 *BURGMAN 400* ABS

MSRP: \$7,599

The Burgman 400 offers a striking combination of performance, comfort, style and convenience. The 400cc engine produces strong power while delivering incredible fuel economy. Its automatic transmission also offers riders amazing convenience, and its electronic Suzuki fuel injection produces an incredibly efficient 56 MPG fuel economy. The Burgman 400 also provides an impressively comfortable ride. It has plush suspension, matched by a sleek, aerodynamic fairing that provides excellent protection from the wind. A stepped seat and an easily adjustable backrest for the rider provides comfortable seating mile after mile. And the underseat storage provides ample room (that can accommodate two full-coverage helmets) to riders for a variety of shopping trips and errands.

The Burgman 400 boasts a stylish design that is guaranteed to capture the spotlight wherever you ride, be it around town or on longer highway rides.

For 2012, the Burgman 400 ABS is available in Pearl Mirage White and Metallic Thunder Gray/Glass Sparkle Black.

Pearl Mirage White

TOP 10 FEATURES

Aerodynamic bodywork matches the Burgman 400 ABS's class-leading performance with aggressive styling while offering the rider protection from wind and weather elements.

Antilock Brake System (ABS*) monitors brake lever input and wheel speed, and matches stopping power to available traction – a state-of-the-art safety feature providing class-leading stopping power.

Powerful liquid-cooled 400cc, DOHC, four-stroke engine produces responsive power under a wide range of riding situations. The engine is designed to deliver broad power and torque to suit a range of riding applications – from the streets to the highway, with quiet operation and low maintenance.

Suzuki electronic fuel injection provides easy starts, precise throttle response, incredible 56-MPG fuel economy and lowered emissions, for an overall improved ride maximizing the engine's power and efficiency.

Dual front disc brakes with 260mm rotors and lightweight dual twin-piston calipers provide class-leading stopping power and excellent handling. Standard Antilock Brake System (ABS*), provides the Burgman 400 ABS with state-of-the-art braking technology for a safe, confident ride on the street or highway.

Convenient parking brake with easy-to-use single lever operation makes secure parking easy.

A cavernous, illuminated, under-seat storage space with over two cubic feet of storage capacity can hold plenty of cargo and is large enough to fit two full-face helmets and riding gear.

The comprehensive and easy-to-read instrument binnacle incorporates a speedometer, a tachometer, an odometer, twin tripmeters, a clock, and indicators for the ambient temperature, average fuel consumption, fuel level, and coolant temperature, for rider convenience.

Front bodywork contains three lidded storage compartments; a single large compartment and two smaller compartments above it, large enough to fit gloves, road maps and other personal items. A convenient DC power outlet is on board for charging electrical devices while on the go.

A stepped dual seat with backrest provides comfort and confidence. The rider's backrest is adjustable in five 10mm increments at the press of a lever.
