## 2016 Boulevard M90

VZ1500L6

YYG: Candy Darling Red

### Key Features

- 1462cc, 4-stroke, 2-cylinder, liquid-cooled, OHC engine.
- Muscle styling with blacked out components and a wide rear fender covering a massive 200 section rear tire.
- Wide, comfortable seat with a low seat height of 28.2 inches.

### Engine Features

- Potent 1462cc long-stroke, liquid-cooled, 4-valves-per-cylinder V-Twin engine is built to deliver massive torque while providing good fuel economy.
- Smooth black finish on the engine and air cleaner covers complements the muscular presence of the V-twin's finned cylinders.
- Large flywheels help smooth out low rpm power pulses, as does a spring loaded primary drive damper bolted to the end of the crankshaft.
- To reduce mechanical noise, each cylinder head's cam cover is separated from the cam bearing caps, and a rubber gasket is used between the cylinder head and the cam cover.
- A spring loaded scissor type split primary drive gear mounted on the crankshaft also reduces mechanical noise.
- Each aluminum alloy cylinder is plated with SCEM (Suzuki Composite Electrochemical Material) nickel phosphorus silicon carbide coating which reduces friction and increases heat transfer, durability and ring sealing.
- Hard, smooth chrome-nitride Physical Vapor Deposition (PVD)-coated upper-compression and oil-control piston rings reduce friction and improve sealing.
- Suzuki's class-leading electronic fuel injection system features the Dual Throttle Valve (SDTV) as well as a 32-bit engine management system to provide smooth throttle response and fuel efficiency.
- Multi-hole-type fuel injectors deliver a fine spray for a powerful yet fuel-efficient operation.
- Dual spark plugs for each cylinder contribute to proper ignition and efficient fuel economy.
- An automatic Idle Speed Control (ISC) system improves cold starts and stabilizes an idle engine under various conditions.
- Chromed dual-exhaust with equal-length head pipes for excellent power delivery is mounted on the right side of the engine, and provide a deep, rumbling exhaust note.

- Effective engine management system and emissions control measures allow the M90 to meet latest emission standards.
- Power is delivered through a wide ratio five speed transmission and a shock reducing damper, through a clean running, reliable drive shaft to the rear wheel.
- Suzuki Clutch Assist System (SCAS) makes for efficient clutch operation and a lighter pull.
