# Features & Specifications 2017 Boulevard M50

#### **Key Features**

- 805cc, 4-stroke, 2-cylinder, liquid-cooled, SOHC, 45-degree V-Twin
- Muscle styling with blacked out components
- Wide, comfortable seat with a low seat height at 27.6 in.

#### **Engine Features**

- Robust 805cc (50 cubic inch) liquid-cooled, fuel-injected V-Twin power-plant is built to deliver exciting torque from down low in the rpm range.
- Smooth black finish on the engine and air cleaner covers complements the muscular presence of the V-twin's finned cylinders.
- Crankshaft design features 45-degree offset crank pins to reduce engine vibration without a balancer shaft for a more comfortable ride.
- Electronic fuel injection system features the Suzuki Dual Throttle Valve System (SDTV) maintains
  optimum air velocity in the intake tract for smooth low-to-mid rpm throttle response and high torque
  output.
- Multi-hole-type fuel injectors deliver a fine spray for a powerful yet fuel-efficient operation.
- An automatic Idle Speed Control (ISC) system eliminates the choke and shortens the engine's warmup time.
- Powerful 32-bit-processor Engine Control Module (ECM) helps ensure precise control.
- Cutting-edge 3D-mapped digital ignition system using a throttle-position sensor helps boost the hallmark big V-Twin low-down torque.
- Chromed and staggered dual-exhaust system mounted on the right side of the engine are tuned for responsive torque delivery providing a deep, rumbling exhaust note.
- Suzuki Pulsed-secondary AIR-injection (PAIR) system introduces air into the exhaust ports to ignite unburned hydrocarbons and cut down on emissions.
- A wide-ratio five-speed transmission features a high fifth gear ratio for relaxed highway cruising.
- Low-maintenance shaft drive is clean-running and has minimal torque reaction as it efficiently transmits power to the wide 15-inch rear tire.

#### **Chassis Features**

- Strong, double-cradle steel frame supports a chassis ready for cruising or a full-on tour.
- Link-type rear suspension connects to a truss-style swing arm and a single shock absorber with 7-way spring preload adjustability providing 4.1 inches of smooth and response suspension travel.
- Large 300mm front brake rotor and rigid caliper bring strong braking performance to match the engine's output.
- Suzuki performance-cruiser styling is sleek and flowing throughout from the distinctive headlight cowl to the purposeful tail section.
- Low-rise handlebars mounted on pull-back risers provide a comfortable reach for the rider and increased comfort around town or on the highway
- Long, wide 4.1 US gallon fuel tank flows smoothly back to the seat -attractive raised fuel filler includes indicator lights for turn signals, high beam and low fuel.
- The shapely instrument cluster including a fuel gauge and a clock is neatly integrated with the headlight cowl.
- Cast-aluminum 16-inch front and 15-inch rear wheels, with a seamless black finish.
- Black outer tubes on the 41mm inverted front forks add sporty looks and performance feel.
- A wide and comfortable seat is shaped for a smooth visual harmony with the sporty rear fender (ideal when seat up with the optional seat cowl).
- Bright, multi-reflector headlight and a LED taillight that's performance-inspired match the tail section design.
- Bright, bullet-style turn signals are designed for high visibility and a sharp appearance.
